DETAILED ACTION

1. This is in response to applicant's after final amendment filed 8/24/04, in which claims 1-13,15 and 18 are cancelled and claims 14, 16 and 17 are pending.

Allowable Subject Matter

2. After further search and thorough examination of the present application and in view of amendment to after final, claims 14,16 and 17 are found to be in condition for allowance.

3. The following is an examiner's statement of reasons for allowance: the prior art Borland (6,320,943) teaches an electronic directory may further include priority information associated with each number and search to retrieve a desired number (abstract).

On the other hand, the present application discloses a telecommunication apparatus for determining a technical address of a communication partner for a user and the predetermined selection strategy being based on a points key of combined criteria, the criteria being selected from the group consisting of call frequency between the user and each one of the plurality of possible communication partners in the directory, ~~time of last call between the user and each one of the plurality of possible~~ communication partners in the directory, and possible communication partners from the directory whose at least one technical address or at least one identifier match at least part of the input provided by the user. These limitation, in conjunction with all limitation of independent claims, have not been disclosed or made obvious over the prior art of record.
